ARTICLE 4 —MINOR SUBDIVISION

Section 410. Information Required For Minor Subdivisions

The following shall be submitted with applications for approval of a Final Plat for a minor subdivision:

1. Name and address of subdivider and professional advisers, including license numbers and seals.
2. Two copies of the minor subdivision Plat, one each to be submitted to the County Clerk and the Town Clerk, drawn with ink on cloth, plus two paper copies. The Plat map (drawn by a licensed surveyor at a scale of one inch to 100 feet, unless otherwise specified by the Planning Board) shall contain the following information:
 - a. Subdivision name, scale, north arrow, and date;
 - b. Subdivision boundaries;
 - c. Contiguous properties and names of owners;
 - d. Total acreage of subdivision and number of lots proposed
 - e. Existing roads, utilities, and structures;
 - f. Water courses (including all FEMA Federal Flood Insurance Hazard Areas), marshes (including DEC-designated wetlands), wooded areas, and other significant physical features on or near the site;
 - g. Proposed pattern of lots, including lot widths and depths, road layout, open space, drainage, sewerage, and water supply;
 - h. Land contours at twenty-foot intervals or less, as required by the Planning Board;
 - i. Reference to all existing and/or proposed restrictions on the land (also see #4 below);
 - j. The location of each perc test hole and deep hole test on each lot with identification numbers and a corresponding table containing the test data (the table can be attached to the map on a separate sheet of paper);
 - k. Any other conditions requested by the Planning Board.
3. One copy of appropriate tax parcel map(s) to enable the entire tract to be shown on one sheet and to show proposed subdivision's location in relation to surrounding parcels and the nearest street intersection.

Town of Eaton Subdivision Regulations

4. Complete text of all existing and/or intended restrictions on the use of land including easements, covenants, and zoning.
5. Building types and approximate size and cost, if known.
6. SEQR Environmental Assessment Form (EAF); Full or Short form as required by the Planning Board (Appendix A).
7. On-site sanitation and water supply facilities shall be designed to meet the specifications of the State Department of Health, and a statement to this effect shall be made on the application.
8. A statement of all lands owned by applicant within 2000 feet of property under consideration and a brief description of future development plans for any of these lands, if known.
9. For all proposed lots fronting on State or County highways or Town roads, written confirmation from either the NYS Department of Transportation, Madison County Highway Department, or Town Highway Superintendent, as appropriate, that the frontage of all such proposed lots in the subdivision would allow location of a driveway providing sage highway access.
10. Additional information as deemed necessary by the Planning Board.
11. Any required fees.

Section 420. Waiver of Submission Requirements

When an application concerns a minor subdivision of uncomplicated nature, such as a small subdivision along an existing road that requires no installation of public facilities, the Planning Board may waive certain submission requirements.

ARTICLE 5—MAJOR SUBDIVISION

Section 510. Preliminary Plat, Major Subdivision

The following shall be submitted with all applications for approval of a Preliminary Plat for a major subdivision:

1. Name and address of subdivider and professional advisers, including license numbers and seals
2. Three copies of the Preliminary Plat map, drawn to scale. The map scale shall be one inch to 100 feet, unless otherwise specified by the Planning Board, including:
 - a. Subdivision name, scale, north arrow, and date;
 - b. Subdivision boundaries;
 - c. Contiguous properties and names of owners;
 - d. Total acreage of subdivision and number of lots proposed.
 - e. Existing and proposed roads, utilities, and structures;
 - f. Water courses, (including all FEMA Federal Flood Insurance Hazard Areas), marshes (including DEC-designated wetlands), wooded areas, and other significant physical features on or near the site;
 - g. Proposed pattern of lots, including lot widths, depths, and areas, with lot identification numbers;
 - h. Proposed road layout, open space, drainage, sewerage, and water supply;
 - i. Land contours at twenty-foot intervals or less, as required by the Planning Board;
 - j. All parcels of land proposed to be dedicated to public use and the conditions of such use (if desired, conditions can be referenced on map and detailed as an addendum on a separate sheet of paper);
 - k. Reference to all existing and/or proposed restrictions on the land (also see #4 below);
 - l. The location of each perc test hole and deep hole test on each lot with identification numbers and a corresponding table containing the test data (the table can be attached to the map on a separate sheet of paper); and
 - m. Any other conditions requested by the Planning Board.

Town of Eaton Subdivision Regulations

5. Building types and approximate size and cost (if determined).
6. Grading and landscaping plans.
7. The width and location of any roads or public ways and the width, location, grades, and road profiles of all roads or public ways proposed by the developer.
8. The approximate location and size of all proposed waterlines, hydrants, and sewer lines, showing connection to existing lines.
9. Drainage plan indicating profiles of lines or ditches and drainage easements on adjoining properties.
10. Preliminary plans, drawn to scale and including cross-sections, showing sidewalks, road lighting, roadside trees, curbs, water mains, sanitary sewers, storm drains, the character, width and depth of pavements and sub-base, and the location of any underground cables or other utilities.
11. Preliminary designs for any bridges or culverts.
12. An actual field survey of the boundary lines of the tract, giving complete description of bearings and distances, made and certified by a licensed surveyor. The corners of the tract shall also be marked by monuments of such size and type as approved by the Planning Board, shown on the Plat.
13. Environmental Assessment Form (SEQR Full Form, Appendix A) and a Draft Environmental Impact Statement, if required.
14. Where the preliminary layout submitted covers only a part of the subdivider's entire holding, a sketch of the prospective future road and drainage system of the undivided part shall be submitted for study to the Planning Board.
15. Other properties owned by applicant within 2000 feet of property proposed for subdivision.
16. For all proposed lots fronting on State or County highways or Town roads, written confirmation from either the NYS Department of Transportation, Madison County Highway Department, or Town Highway Superintendent, as appropriate, that the frontage of all such proposed lots in the subdivision would allow location of a driveway providing safe highway access.
17. Additional information as deemed necessary by the Planning Board.
18. Any required fees.

Section 520. Final Plat, Major Subdivision

The following shall be submitted with all applications for approval of a Final Plat for a major subdivision:

1. Two copies of the minor subdivision Plat, one each to be submitted to the County Clerk and the Town Clerk, drawn with ink on cloth, plus two paper copies. Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?		
2. Will the proposed action result in a change in the use or intensity of use of land?		
3. Will the proposed action impair the character or quality of the existing community?		
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?		
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?		
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?		
7. Will the proposed action impact existing: a. public / private water supplies? b. public / private wastewater treatment utilities?		
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?		
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?		

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?		
11. Will the proposed action create a hazard to environmental resources or human health?		

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
